Who We Are & What Makes Us Different

Whiz Team Adventure is an outdoor education and team-building organisation. Our education philosophy is based on the outdoor education pillars of **Land, Nature, Sea, Animals, Culture, and Heritage**. We are involved with schools all year round, as our philosophy is a **classroom without walls**.

Whiz Summer Academy is not a traditional summer school. It blends outdoor education, adventure, and real-life skills through immersive, hands-on experiences. Each event is uniquely designed and hosted in a different location across Malta, ensuring that no two experiences are ever the same.

To learn more about the Whiz Summer Academy and gain a deeper insight into what we do, watch the **documentary** linked below.

Summer 2026 in a Nutshell

- **Tailored activities by age group** to ensure an engaging experience that supports confidence, teamwork, and independence.
- Choose from a **7-week or 9-week programme**, with the flexibility of attending **2 or 3 days per week**, designed to fit around family holidays and work schedules.
- **How will your child get to and from events?** Parents may drive directly to each event location (North or South), or opt for one of our two organised transport options.
- A central **drop-off and pick-up point** operates from 08:00 to 08:15 in the morning and at 13:00 – 13:15 in the afternoon.
- The base ensures that **friends can be grouped together**, while also allowing **grouping by respective age levels**.
- Our skilled educators ensure **every child is seen, supported, and encouraged**, creating days that spark curiosity and build confidence in essential life skills in the great outdoors.
